About Department

The School of Environmental Science was established in the year 1997. There are 09 well qualified, full time permanent faculty members. The department is running UG, PG and Ph.D. programmes with major emphasis on excellent training to students in their respective field of study which also provides ample opportunities for personality development of student.

Aims and scope

The aim is to promote and prepare passionate professionals who could drive positive change in the areas of resource sustainability, conservation of resources, development of clean and green technology, and also offer leadership in the field of environment.
