Aim & Vision

With an idea to nurturing a scientific field for understanding basic chemical and analytical techniques of molecules and for producing new materials with controlled functions; BBAU established the Department of Chemistry under the aegis of School for Physical and Decision Sciences.

Our Educational goals are:

➢ Strengthen fundamental aspects of analytical chemistry.
➢ Promote original and innovative instrumentation ideas among students and research scholars.
➢ Organize discussions, special lectures and other such activities for a better understanding of FTIR, UV, NMR in chemical research.
➢ Enhancing leadership qualities and teamwork among students.
