

7. ....many other documents

The working papers/consultation papers outlining the problems/issues under consideration of the University and suggesting matters deserving reforms, are discussed at administrative level, various committees as well as at statutory bodies level which include representatives from the government, NGO's, academicians, with a view to eliciting reactions and suggestions. Professional bodies and academic institutions are involved in the consultation process. Seminars/Workshops/Conference are also organized on different subjects to elicit critical opinion on proposed strategies for reform based on the Working Papers/Consultation Papers.
